How did you hear about Fannin?

Website *Institutional Email* *Friend/Colleague* *Seminar* *Other*

Areas of Interest: (Please rank 1-4, with 1 being the highest level of interest)

Due diligence and new company opportunities New applications for existing technologies
Media and Outreach Design and testing of medical devices

Resume: Please provide a current resume outlining your professional career and expertise.

Photo: Headshot, high resolution

Shadow Day: Submit your resume and photo to serena@fannininnovation.com with a request to attend a Shadow Day, which are available to selected candidates each Thursday, from 9am-12pm.

Application: After Shadow Day, you may confirm your interest in the internship by submitting your application to serena@fannininnovation.com. Candidates will then be given a mini-project (an engineering or therapeutics due diligence scenario-based question in lieu of a formal interview, ~5-10 hours to complete) to assess your fit with Fannin.

Rolling Applications: Fannin's Internship Program accepts applications on a rolling basis.
