Who We Are:

Fannin Innovation Studio is a life science and medical device development studio located in Houston's Highland Village area. We manage and develop a growing portfolio of novel therapeutics and disruptive devices. Our culture is energetic, collaborative, and creative!

Who You Are:

- Late-stage graduate or medical students, postdocs, clinical fellows, or engineering students
- Passionate about therapeutic or medical device development
- Seeking a part time internship or full time fellowship opportunity
- Willing to roll up your sleeves in an intense, but supportive start-up environment
