Who we are:

Fannin Innovation Studio is a life science and medical device development group located in Houston's Highland Village area. We manage and develop a rapidly growing portfolio of therapeutic and medical device technologies.

Who we are looking for:

- Passionate about therapeutic or medical device development
- Late-stage graduate or medical students, postdocs, clinical fellows, or engineering students
- Seeking a part-time internship or full-time fellowship opportunity
- Willing to roll up your sleeves in a fast-paced, start-up environment

Please see our website (www.fannininnovation.com/news/) for additional information & email **Serena Miggins** at serena@fannininnovation.com for **RSVP**
